DETAILED ACTION

Claim Objections

Claim 1 is objected to because of the following informalities: On line 12, the “.”, after the word “pushing”, should be deleted. Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Herrmann (U.S. Patent No. 6,264,133).

With respect to Claims 1-, Herrmann, Figures 1-5, teaches an installation comprising stations for establishing storage formation each comprising a multitude of articles and for dissolving storage formations; mobile supporting elements; means for positioning and retrieving supporting elements wherein the storage spaces are situated on a plurality of primary transport paths and entrances of the stations at ends of primary transport paths, at least a part of the primary transport paths intersects a secondary transport paths; the installation further comprises at least one actively displaceable positioning device.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
